

**INFORMED ACKNOWLEDGEMENT OF HAZARDS AND RISKS
CONNECTED WITH PARTICIPATION IN SOCCER**

THIS FORM MUST BE SIGNED BY THE STUDENT AND PARENT OR LEGAL GUARDIAN
IF THE STUDENT IS UNDER 18 YEARS OF AGE.

PLEASE READ CAREFULLY AND BE SURE YOU UNDERSTAND BEFORE YOU SIGN.

WARNING

Participation in any athletic activity may involve injury of some type to either yourself or a fellow student athlete. Such injury can include direct physical and possibly crippling injury to one's body. There is also the possibility of suffering emotional distress or psychological injury as a result of witnessing or actually inflicting injury to another. The severity of such injury can range from minor cuts, scrapes, bruises, muscle strains, or bone fractures and dislocations to catastrophic injury, such as complete paralysis, or even death. Such injury can impair one's general physical and mental health and hinder one's future ability to earn a living, to engage in other business, social, and recreational activities, and generally to enjoy life.

Soccer is a vigorous and competitive sport. As in all sports, **Soccer** involves the RISK OF SERIOUS INJURY OR DEATH. The ankle, foot, knee, low back, shoulder, elbows, wrist, and fingers are examples of typical injury locations sustained as a result of participating in soccer. Bruises, scrapes, strains, and sprains are common types of injury. Less common but possible injuries are fractures, ligament and cartilage damage, and concussions.

Soccer injuries can also result from the use of correct or incorrect playing techniques used in tryouts, practices, warm-ups, drills, games, plays, or other similar undertakings. Injury to the head, mouth, nose, teeth, eyes, ears or other parts of the body can result from contact with the ball, other participants, the playing surface, and other solid objects in and around the playing field.

Injury can result from training room procedures; from the use of training equipment; from the administration of first aid; or from failing to follow game, training, safety or other team rules. Injury may result from the use of playing techniques taught and/or from teaching methods employed by Walla Walla Community College coaches. The use of transportation provided or arranged by the College to and from **Soccer** games and other related activities also involves a risk of injury or death.

The purpose of this WARNING is to bring your attention to the existence of potential dangers associated with athletic participation. **There is, however, always the risk of other types of injuries or the risk of injury or death resulting from other causes not specified here.**

The purpose of this WARNING is also to aid you in making an informed decision as to whether you (or your child or ward) should participate in this athletic activity and, as a condition of such participation, sign the foregoing **ACKNOWLEDGEMENT OF HAZARDS AND RISKS CONNECTED WITH PARTICIPATION IN Soccer**. In addition, its purpose is to make you aware that as a student-athlete (or as a parent or guardian of a student-athlete), it is your responsibility to learn about and/or ask coaches, physicians, or other knowledgeable persons about any concerns that you might have at any time regarding athletic safety and participation in the community college's **Soccer** program.
